

PRODUCT DATA SHEET

JUNE 2007 – REV 3

Vibro-Acoustics restraint kits are provided to restrain equipment, ductwork, piping and conduit against seismic, wind or overturning forces requirements. These restraint kits include pre-finished wire rope cables, attaching brackets and closure hardware. Each kit has been engineered for a specific load range with a 5 to 1 safety factor. All wire rope is galvanized as per ASTM standards and the attaching hardware is Zinc plated or hot dipped galvanized plated for corrosion resistance. Finished cable lengths are suitable for suspended attachments of approximately 7ft (2.1m) from structure. Installation instructions and structure attachment information is provided on Drawings INS-100, INS-101, INS-102, INS-103.

Vibro-Acoustics provides differing kit sizes as described below:

SRK-xxxx-y

Vibro-Acoustics Restraint Kit

Restraint Kits are packaged with the following:

SRK-400-y Restraint Kit includes:

- 2 or 4 wire rope cables 9ft (2.7m) Long with factory installed 3/8" (9mm) diameter, 45° bent stake eyes on one end
- 2 or 4 wire rope thimbles
- 2 or 4 wire rope crimping sleeves
- 2 or 4 loose VAB-1 brackets
- Factory packaged in a clear labeled plastic bag with installation instructions

SRK-800-y Restraint Kit includes:

- 2 or 4 wire rope cables 9ft (2.7m) Long with factory installed 1/2" (12mm) diameter, 45° bent VAB-2 bracket on one end
- 2 or 4 wire rope thimbles
- 2 or 4 wire rope crimping sleeves
- 2 or 4 loose VAB-2 brackets
- Factory packaged in a clear labeled plastic bag with installation instructions

SRK-1400-y Restraint Kit includes:

- 2 or 4 wire rope cables 9ft (2.7m) Long with factory installed 5/8" (19mm) diameter, 45° bent VAB-3 bracket on one end
- 2 or 4 wire rope thimbles
- 4 or 8 wire rope grips
- 2 or 4 loose VAB-3 brackets
- Factory packaged in a clear labeled plastic bag with installation instructions

Vibro-Acoustics can provide additional configurations, sizes and accessories to meet the specific installation. Accessories include crimping tools, crimp check gauges, wire rope cutters, wire rope clips (U-bolts), and bulk supply of wire rope and hardware.
